

VIP Project

VIP Project Position

Counter

Counters are responsible for sorting and opening the offering envelopes, recording the contents, totaling the money received and assisting in balancing the total received with the amounts recorded. Money is counted after the 9:30 a.m. service. Each counter is one member of a three-person team. There are currently 8 teams. Each team is scheduled for 2 consecutive Sundays, and then is off duty for 14 weeks, while other teams are counting. The goal is to have 10 three-person teams, so at least 6 more counters are needed. No previous experience or any particular skills are required. Opportunities for Christian growth include fellowship with team members and participation in maintaining the financial matters of the Church. If you are interested in this ministry, please contact James Perrin at 856-858-8410 or drop this form off at the Church Office.
